1944

CATALOGUE 2018

Today Bergomi has become the major reference for the interior world . Since 1944 the success of the company has been tied to a legacy that fuses tradition and innovation.

The prowess of Bergomi apart from its tableware and glassware collections that are distributed globally, is its ability to develop other domains for porcelain, crystal and lighting . Bergomi satisfies the demands of an eclectic and diverse clientele and is internationally acclaimed for its collections and custom orders.

Bergomi selects the best products on the market.

Our offer is wide and deep, this way the purchase of a luxury product becomes also an investment.

An ad hoc advisory service that has no equal. The most sought after pieces, always ready in stock or available within a few days, even the most hard to find. The ability to operate with an international clientele of high profile. Discretion is a staple for us.

A professionalism that goes on uninterrupted since 70 years, a deep understanding of the luxury market and the commercial dynamism that distinguishes us.
