

C'è una crepa in ogni cosa ed è da lì che entra la luce.
Nella giusta luce, al momento giusto, tutto è straordinario.

*There is a crack in everything, that's how the light gets in.
In the right light, at the right time, everything is extraordinary.*

CONTRACT DIVISION

OUR WAY TO DO CONTRACT

"OUR WAY TO DO CONTRACT"

Da oltre 30 anni Contardi produce lampade decorative di qualità per il mercato alberghiero.

Oltre alla collezione standard, rappresentata oggi da una vasta gamma di modelli, la Divisione Contract offre uno specifico **"servizio su misura"**, volto a rispondere alle esigenze del mercato "contract" con una larghissima varietà di soluzioni.

Kempinski Grand Hotel, Hilton Group, Mandarin Oriental, Hyatt, Starwoods sono solo alcune delle catene alberghiere internazionali che Contardi fornisce.

Il team della Divisione Contract vanta una lunga esperienza nelle tecniche di lavorazione di vari materiali tra i quali il metallo, il vetro, il tessuto, la ceramica, il marmo ed il legno. Opera senza porre limiti in base allo stile e sulla base di una vasta conoscenza degli standard di sicurezza di tutti i mercati.

Recentemente è stato lanciato il programma denominato **"Our way to do contract – il nostro modo di fare contract"** che non è soltanto uno slogan ma un vero e proprio approccio alle richieste ed esigenze del mercato dell'Hotel e del mondo delle specifiche (FF&E).

Contardi, attraverso la propria Divisione Contract, ha deciso di rispondere alla ormai comune richiesta di rispettare dei "budget" definiti offrendo delle soluzioni alternative, o semplicemente "più economiche", senza però ridurre gli standard qualitativi e di servizio, confermando la garanzia di un prodotto *made in Contardi e made in Italy*.

È possibile scaricare il catalogo dedicato al Contract dal sito: www.contardi-italia.com/it_contract.

For more than 30 years Contardi has been manufacturing high quality decorative lights for the hotel industry.

*Besides the standard collection, now offering a wide range of models, Contardi's contract division offers a **"bespoke design service"**, working on clients' project requirements, where the possibilities are almost endless.*

Kempinski Grand Hotel, Hilton Group, Mandarin Oriental, Hyatt, Starwoods are only some of the international hotel chains Contardi supplies.

Contardi's contract team has a long experience in working with materials, from metal to glass, from fabrics to marble, as well as ceramics or wood. No limitations on style and a strong knowledge of safety standards for all markets.

*Recently we have launched the program **"Our way to do contract"**, which is not just a slogan but a commercial approach to the specific requirement of hospitality industry and the FF&E world.*

Contardi's contract division has decided to respond to the growing needs to stick to fixed budgets by offering an alternative solution (that we call V.E – Value Engineered – version of Contardi's specified products or custom ones) without compromising with quality and service and still providing, instead of a cheap copy, the guarantee of an original made in Italy product.

You can download the Contract catalogue from our website: www.contardi-italia.com/en_contract.
