Teckell.®

Italian design looks forward

CONTEMPORARY DESIGN
MEETS ITALIAN CRAFTSMANSHIP
FOR A TECHNOLOGICAL
AND ESTHETIC TRIUMPH

MADE IN ITALIA

ARTISTIC SOUL

*Unique pieces, classics, created by master artisans.
In short, works of art.*

Made in Italy also means a love for art.
Each and every Teckell piece is crafted as a unique art work.
This artistic touch gives our creations a classic, timeless essence.

PURITY ALL'ITALIANA

*Discover all the layers
of the authentic Italian beauty.*

Made in Italy is far more than geography.
Made in Italy is a mindset that extols quality and creativity with no boundaries.
Made in Italy is a philosophy rooted in quality, craftsmanship and infinite creativity.

EXQUISITE MATERIALS

*Quality materials
are our blank canvas.*

From calacatta marble to canaletto wood, from fine metal to pure crystal
Only the most precious and polished materials are accurately selected
to become part of Teckell timeless masterpieces.

DESIGN TECHNOLOGY

*An unquenchable desire to experiment
and rewrite the rules of design.*

Always avant-garde, experimenting, surprising.
Excellence arises from a limitless, burning desire to do things well.
This are the pillars supporting Teckell innovative research.

**Teckell
Cristallino**
foosball table

Design by
Adriano Design, Torino Italy

An original, from its design to creation and finishing touches.
Cristallino is crafted using avant-garde technology and the skilled hands of Italian artisans who perfect every detail for an unique and exclusive work of art.

A game revitalized through a minimalistic design.
A flawless work of art and play, this sturdy, sublime table intelligently combines nature and technology's finest offerings.

Lightness and strength are bestowed on a work that beguiles with its transparency.
It will captivate you with its precious, handmade details – foosmen, nets, scoring units.
Simply style and soul in pure crystal.

CALCIO BALILLA
Collection

Teckell Cristallino

foosball table

Chrome-plated brass handles and scoring units.

Goals with polished stainless steel frames and handcrafted black nets.

Players made of aluminum: one team shiny chrome, the other in dark nickel.

Thick crystal structure increases the game's speed.

Tempered clear crystal structure, 15 mm thick, with beveled and cerium oxide-polished corners.

Playing field in laminated crystal: a molded sheet that slopes at the corners.

Available in smoked or transparent crystal.

Brass and stainless steel joints that are milled, chrome plated and polished.

Quick mount handles that fit perfectly and can be removed and replaced.

Rod ends featuring two layers of shock absorption.

Rods are equipped with special, self-lubricating bearings so that they slide back and forth quietly, smoothly and quickly.

Hidden, adjustable feet for leveling table.

Designed for indoor use.

Teckell Cristallino

foosball table | playing field in transparent crystal

Teckell crystal materializes from a wondrous blend of the most modern technology and the age-old craftsmanship of master glassworkers. Delicate beauty yet remarkable strength are in perfect harmony.

Teckell
90° Minuto
foosball table

Design by
Adriano Design, Torino Italy

A surprisingly chic spin on the timeless game of foosball.

The attractively slender yet incredibly sturdy Canaletto wood legs and structure evoke the world of sailing while the luxurious, transparent crystal playing field redefines contemporary furnishings.

Fine design and exemplary Italian craftsmanship come together in new classic. Play the game in style until the very last minute – the 90th minuto.

CALCIO BALILLA
Collection

Teckell 90° Minuto

foosball table

Canaletto walnut handles and scoring units.

Goals with polished stainless steel frames and handcrafted black nets.

Players: one team in Canaletto walnut, the other in ash wood.

Solid milled Canaletto walnut structure.

Playing field in 12mm-thick tempered clear crystal.

Thick crystal structure increases the game's speed.

Shell perimeter in 15mm-thick crystal. The vertical plates are tempered glass; the curved ends have undergone a hot bending process. Every component is polished with cerium oxide.

Quick mount handles that fit perfectly and can be removed and replaced.

Rod ends featuring two layers of shock absorption.

Rods are equipped with special, self-lubricating bearings so that they slide back and forth quietly, smoothly and quickly.

Hidden, adjustable feet for leveling table.

Designed for indoor use.

Teckell

T1.1

9 and 8 feet pool tables

Design by

Marc Sadler, Milano Italy

Crystal sheets sculpted into an elegant, streamlined shape.

Seriously artistic yet endlessly entertaining.

The light dances across its handcrafted surfaces,
courting you to take up a cue and experience a whole new game.

Teckell T1.1 presents a minimalism that knows how to have fun.

Its aluminum rails, with black anodized or light bronze finish,
emphasize the table's sleek lines and form.

The glass plate legs with beveled edges ensure its stability.

These legs slide into the open pore lacquered black oak
that have carved grooves for securing the glass
and hiding the perfect regulation system.

BILIARDO
Collection

Teckell T1.1

9 and 8 feet pool tables

Plug-and-play system:
cloth stretching technique
that is easy and flawless for a
perfectly even playing surface.

Playing field made
of a single sheet of
tempered crystal at
least 15 mm thick.

Playing surface cloth:
Simonis® 860™ worsted wool,
available in **25 colors**.

Installation of
a **soundproofing
polyurethane layer**
below the cloth.

Each table created
using only computer
numerical control
(CNC) machines
which ensure
unrivaled precision.

Legs made of **clear
tempered crystal** at
least 15 mm thick with
double-bevel edges.
The incline of the crystal
legs differs slightly
between the 9 and 8 feet
table sizes.

Bases in **solid oak** which
has been ebonized
(a reaction that turns
black the open pore
wood) with a shiny
stainless steel structure.

**Precise leveling system
utilizing 12 screws
hidden inside the table's
wooden base.**

Polyurethane bumpers.

**Classic pockets have
been replaced by highly
flexible polyurethane
pockets that can hold
three playing balls and
return to their original
shape when emptied.**

Solid aluminum rails
with **black anodized**
or **light bronze** finish.

Designed for indoor use.

Teckell T1.1

9 and 8 feet pool tables | black anodized finish

Always avant-garde, experimental, surprising: these are the pillars supporting our vision. Teckell pool tables are continuously improved through consultations with professional players.

Teckell T1.1

9 and 8 feet pool tables | light bronze finish

All Teckell Pool Tables are made by Master Craftsmen. Generations who cut crystal, carve wood and mill metal to create the one-of-a-kind pieces in our collections.

Teckell T1.2 Gold

9 feet pool table | limited edition

Design by

Marc Sadler, Milano Italy

Teckell T1.2 Gold is the maximum in minimalist beauty.

Its side walls evoke the rippling ocean.
Bathed in light, gold glimmers even more, its timeless beauty magnified.

Versatile and eclectic, the T1.2 Gold is impressive,
from its original system of interchangeable, magnetized side walls
to the rainbow of woolen cloths to choose from.

Much more than a pool table, this design object reflects
the passion and personality of its owner.

T1.3

9 and 8 feet pool tables

Design by

Marc Sadler, Milano Italy

Traditional style with a contemporary spin.

Teckell T1.3 is as solid as it is sleek. A classy reinterpretation of the traditional pool table, this is a statement piece for a truly sophisticated game room.

Precious canaletto walnut accents create a model par excellence.

Teckell selected this durable yet elegant wood, a favorite for decorating yacht interiors, which is inlaid along the aluminum rails and forms the table's solid wood base, creating complementary lines.

T1.3 Teckell is the perfect choice for a traditional game room with a modern flair.

Teckell has taken on a new challenge that propels it toward the cutting-edge of design.

The Fitness Collection is the result of a burning desire to experiment and put to the test the Italian tradition of manufacturing excellence in order to revolutionize objects that combine technology and design.

Thus, pure crystal serves as the primary material for exercise equipment, dynamic by definition, in which manufacturing perfectionism meets esthetic minimalism.

Teckell.®

FITNESS
Collection

Teckell Ciclote

exercise bike

Design by
Luca Schieppati and Gianfranco Barban
Milano Italy

Teckell's motto "Italian design looks forward" meets
Ciclote's "Ride on design" in an extraordinary exercise bike.
This masterpiece embodies the two brands technological expertise
and meticulous craftsmanship.

The transparent crystal blends harmoniously with the structural elements
made of high-tech materials and sophisticated mechanisms
creating an object that's a pure expression of contemporary life.

FITNESS
Collection

Teckell Ciclotte

exercise bike

This smart exercise bike is Bluetooth enabled and can connect with any mobile device through the Kinomap app.

When working out, the app follows video recordings of actual rides for a fully immersive training session.

A 30-mm crystal disc replaces the bike's original circular frame for a stunning, sleek look.

Due to the unusually compact transmission, the distance between the pedals is only 6 cm. This narrow gap helps the rider avoid joint problems.

The frame features a new handlebar and grip system for a more ergonomic, vertical structure.

Available in polished steel or black carbon.

Racing bike gel seat with trim for use both for cycling and spinning.

High-performance training is possible thanks to an adjustable magnetic resistance system (12 magnets and the flywheel make up the transmission).

The flywheel spins at a high speed due to a system that multiplies the pedal turns, enhancing the magnetic field's strength.

An electronic system regulates resistance.

The transmission with gear box simulates a racing bike.

The flexible, chrome-finished, base follows the body's movements. The frame flexes sideways when under pressure, just as when cycling on a street.

Designed for indoor use.

Teckell Ciclotte

exercise bike

Teckell Ciclotte
exercise bike

Teckell innovation for Ciclotte: the 30-mm thick crystal disc replaces the bike's original circular frame for a stunning, sleek look.

Designed for indoor use.

Graham escapement.

DLC-coated gears and pinions (low friction coefficient).

Stainless steel arbor, revolution on 15 ball bearings. Bearings attached and adjusted directly on the crystal structure via computer numerical control (CNC).

6.5 kg heavy stainless steel bob lens.

2.4 kg drive with a reduced weight.

Base and top in marble: Marquina black, brushed Silver Wave gray, or polished Covelano white.

Suspension spring.

Regulation by small weights. Charge autonomy: 7+1 days. Maintaining power: up to 5 minutes.

Pendulum rod made of Invar, a metal alloy with a very low thermal expansion coefficient, with compensation tube for temperature variation.

Crystal glass structure, 15 mm-thick sheets.

Takto
Allegro
wall pendulum clock

—
Design by Gianfranco Barban
Engineering by Alessandro Rigotto
Varese Italy

Takto Allegro is a wall clock which moves thanks to a mechanism made of brass completely milled from a solid. Two extra-clear crystal plates protect and showcase these inner workings.

Takto Allegro combines sophisticated engineering and maximum precision in a meticulously crafted and elegant clock.

A drive weighing only 2.4kg provides the energy to move the 6.5kg pendulum. The spacers that separate the two plates are works of craftsmanship, created in extra-clear crystal, each separately lathed.

TAKTO TIMEPIECES
Collection

Takto Allegro
wall pendulum clock

Takto Vivace

wall pendulum clock

Design by Gianfranco Barban
Engineering by Alessandro Rigotto
Varese Italy

The airy minimalism of transparency gives way to the elegant, smoked crystal structure. This is the perfect backdrop for the 24K gold-plated mechanism, the clock's sparkling touch. Literally lively, or Vivace.

The finest Italian artisans mill the entire mechanism. A half-inch-thick disc of transparent crystal protects the timepiece's inner workings while affording a clear view of the movements and the splendid color contrasts.

A highly sophisticated design object that will catch everyone's eye. The room's stylish star and the official timekeeper, gracefully noting every tick and tock of daily life.

MADE IN ITALIA

Teckell's soul is held in the hands of select Italian *maestri artigiani*.
These artisans cut the crystal, carve the wood and shape the metal with care.
They give Teckell's artworks the creativity and the touch that only a human hand can provide.

APPROVED BY PROFESSIONALS

Tested by professionals, certified by fine luxury experts.
Perfection found in the details, in the minimal approach of clean lines,
exact angles, exquisite materials selected with care.

PATENTED BY TECKELL

All designs and details are engineered by the company's own R&D department.
Every piece is realized with cutting-edge tools and technologies:
innovation and design blend to create artwork for living.
